

### **Disinfectant Bleach Solution**

Household chlorine bleach is a powerful disinfectant; Bleach is a caustic substance and can emit potentially lethal fumes. **ALWAYS DILUTE** bleach with water. **NEVER MIX** bleach with other solutions and chemicals.

To use bleach to safely clean and disinfect your home:

1. Mix bleach solution outside or in a well ventilated room and use rubber gloves.
2. Use 5 tablespoons (1/3<sup>rd</sup> cup) of bleach per gallon of water

OR

4 teaspoons bleach per quart of water.

Warning. Never ingest bleach or bleach solution. If for any reason bleach is consumed, contact poison control immediately.
